Friendly and dedicated career changer with a passion for web development and problem-solving. I pick up new skills fast and enjoy figuring things out.

PROFESSIONAL EXPERIENCE

Software Developer Trainee, *Otava* ⎋

06/2024 – 11/2024 | Helsinki, Finland

Developed a new learning material platform that is used in the production and use of Otava's digital learning materials

• Working with React, TypeScript, Vanilla Extract, Storybook, CI/CD pipelines (GitHub Actions)

• Part of a four-person frontend Scrum Team

• Created multiple new layouts for drag-and-drop assignment

PROJECTS

Bets ⎋

TypeScript, React, Bun, ExpressJS, PostgreSQL
This is the place where you can track your sports betting history. You can finally forget the Excel Sheets that are impossible to fill out with your phone.

• Deployed with Azure and Render

Yatzy ⎋

TypeScript, React, NodeJS, ExpressJS, MongoDB
It's a fully responsive old-school game of Yatzy. It keeps track of the top scores for guests, your scores, and all the registered users

• Developed for my fun because I wanted a Yatzy with Finnish-style points calculating

OTHER JOBS

Traffic Controller Supervisor

• Kosmos Festival 2022, 2023, 2024

• Wibes Festival 2023

EDUCATION

Hive Helsinki ⎋

10/2021 – 03/2023

Project-based education with an emphasis on peer-to-peer learning. Developed knowledge and skills through self-study, online resources, and collaboration with peers
